

Nómada User Manual

1. Introduction

Welcome to Nómada, a web platform to discover tourist destinations in Costa Rica.

2. Getting Started

2.1. Access the Platform

Open your browser and go to: <http://localhost:5000> (local) or your deployed URL

2.2. Create an Account

Click "Register" in the menu

Fill in your name, email and password

Click "Create Account"

You can now log in with your email and password

2.3. Log In

Click "Login" in the menu

Enter your email and password

Click "Sign In"

3. Using the Platform

3.1. Browse Destinations

On the home page, you will see 4 categories: Beaches, Parks, Adventure, Hot Springs

Each category shows 4 destinations

Click on any destination to see details

3.2. View Destination Details

When you click a destination, you will see:

Photos: One large photo and two smaller ones

Description: Information about the place

Daily Cost: Price per person per day

Activities: Links to book activities

Where to eat: Restaurant recommendations

Where to stay: Accommodation options

Car rental: Links to rent a car

3.3. Read Experiences

Go to "Experiencias" in the menu

You will see all comments from other travelers

Each comment shows the user name, rating, date and destination

3.4. Post a Comment (Registered Users Only)

Log in to your account

Go to "Experiencias"

Select a destination from the dropdown

Write your comment

Select a rating (1-5 stars)

Click "Post Experience"

3.5. Use the AI Assistant

Go to "IA Chat" in the menu

Type your question (e.g., "Best beaches for surfing")

The AI will respond with recommendations

You can also click on suggested questions

4. For System Owner

4.1. Add a New Destination

Log in as owner

Go to admin panel (if implemented)

Fill destination form (name, description, location, category, cost, photos)

Click "Save"

4.2. Delete Inappropriate Comments

Log in as owner

Go to "Experiencias"

Find the comment

Click "Delete" button

4.3. View All Users

Log in as owner

Go to admin panel

See list of registered users

5. Troubleshooting

Problem	Solution
Can't log in	Check your email and password
Forgot password	Contact system owner
Page not loading	Check internet connection
Comments not posting	Make sure you are logged in
